## PRESSETEXTE DILEKEREI

– Deutsch –

In Deutschland geboren und aufgewachsen, studierte ich Lebensmitteltechnologie in Berlin. Nach dem Abschluss meines Studiums und einem Forschungsaufenthalt in England spezialisierte ich mich im Bereich Cake Design und arbeitete u.a. in London, New York City und Berlin. Meine Arbeit wurde durch mehrere Stipendien der Europäischen Union ausgezeichnet und gefördert. Zudem sammelte ich weitreichende Erfahrungen bei führenden Konditoreien, die für ihre außergewöhnlichen Kreationen berühmt sind. Nachdem ich mehrere Jahre im Ausland und zuletzt in London lebte, gründete ich 2013 mein eigenes Label in Berlin.

I was born and grew up in Germany, where I studied food science and technology at the university level. Prior to opening my cake boutique in 2013, I was based in London. After spending several years abroad, I returned to Berlin to found dilekerei.

I have worked in multiple cities in the UK, as well as New York City and Berlin and was awarded numerous scholarships from the European Union to study abroad. I worked for leading cake companies in the UK, where I gained firsthand experience in the art of cake design and decorating. These companies provided services to (among others) high-profile magazine events and celebrity clients. Prior to opening her cake boutique in 2013, Dilek was based in London. After spending several years abroad, she returned to Berlin to found dilekerei.

Doğma büyüme Berlin’li olup, eğitimimi büyük ölçüde Berlin’de tamamladım. Berlin Yüksek Okulu gıda mühendisliği bölümünden mezun olduktan sonra, Avrupa Birliği komisyonu tarafından araştırmacı ödülüne layık görüldüm. İngiltere’nin çeşitli üniversitelerinde sürdürdüğüm araştırmalar sonucunda, mesleki hayatımı İngiltere’de devam ettirmeye karar verdim. İngiltere’nin önde gelen cake design stüdyolarında çalışıp yanı sıra New York City’de görev aldım. En son Londra’da edindiğim tecrübelerime dayanarak 2013’de Berlin’e geri dönüp dilekerei’da kendi pasta tasarımlarımı müşterilerimle paylaşmaya başladım.
